PROFESSIONAL SUMMARY

Technology educator with hands-on classroom and IT leadership experience teaching computer science, data processing, and digital literacy in Nigerian secondary schools. As IT Department Lead, led a departmental initiative to digitize lesson-plan creation and approval via the school website, increasing teacher collaboration and efficiency by 50%. As a Data Processing Teacher, pioneered the school's transition from manual to digital result computation, improving accuracy and cutting processing time by 75% while applying data-driven teaching strategies that lifted average student grades by 20%. As a Computer Science Teacher, designed a project-based curriculum aligned with industry trends, driving a 30% increase in STEM extracurricular enrollment and coaching the school's coding team to a first-place regional competition win. Brings the same structured, data-informed approach to the classroom that underlies current work as a Data Analyst and Full-Stack Developer.
